SMOKEOUT NETWORKING EVENT ON JUNE 28TH AT POWDERHAUS BREWERY TO FEATURE PANEL OF COMPANY CULTURE EXPERTS FROM TSHEETS, SCENTSY, BODYBUILDING.COM, AND IDAHO CENTRAL CREDIT UNION

Under new leadership, the SmokeOut Networking Group is evolving its format to a TEDx style gathering providing actionable tips and insights from some of the Treasure Valley's most influential companies.

BOISE, ID, June 14, 2017– On June 28th, 2017 from 11:00 AM – 12:45 PM, the SmokeOut Networking Group is hosting its next event at the Powderhaus Brewery on Chinden Road in Garden City.

This event will feature a panel discussion focused on company culture and what it means to be a “Best Place to Work.” We’ve assembled a group of panelists from some of the Treasure Valley’s most influential and best places to work including:

- Jas Krdzalic, President, BodyBuilding.com
- Amy Bailey, VP Finance, TSheets
- Chuck Thompson, Chief Culture Officer, Scentsy
- Lori Gull, Assistant Vice President, Idaho Central Credit Union

“This year we are committed to refreshing and evolving our SmokeOut events by executing at more attractive venues and featuring more compelling content. We are shifting from motivational speakers to local business leaders and influencers giving actionable information on hyper-relevant topics,” said UltraClean’s new President and Owner, and SmokeOut Executive Producer, Mark Anderson. “We want to make this the networking event for people who gave up on networking events, and we couldn’t be more excited to kick it off with top-notch representatives from TSheets, Scentsy, BodyBuilding.com, and Idaho Central Credit Union for our first ever panel *discussion*.”

Seating is limited to 80 attendees and we encourage people to get tickets in advance at:

About SmokeOut (<https://www.ultracleanpro.com/smokeout-networking-group>)

The SmokeOut Networking Group is one of the Treasure Valley's longest running networking groups, with a goal of bringing together some of the most connected people in our business community to eat, educate, and network. The event happens three times a year and lasts roughly 90 minutes.

About UltraClean (www.ultracleanpro.com)

UltraClean has been trusted by the Treasure Valley since 1999 for water damage and mold remediation. We pride ourselves on customer satisfaction, which is why we earn more business from referrals than any other source. Call on us 24/7 to keep your home and your family safe and dry.
